Bug Camp Needs-Based Scholarship Information

Bug Camp is committed to encouraging people of all backgrounds to engage in science. This year we are offering need-based scholarship to ten campers.

Our scholarship program has two purposes:

- To provide children with a camping experience which might not be affordable otherwise
- To provide Camp with a well-balanced community reflecting a diverse mix of socioeconomic backgrounds.

Please make sure to indicate your interest in the need-based scholarship on the registration!

If you indicated interest in the scholarship, once Bug Camp receives your child(ren)'s registration and deposit, we will send out the scholarship application. Return completed application to Bug Camp no later than April 2, 2018. Scholarships request will be reviewed in the order in which they are received.

Applications will be reviewed in April. Award letters will be mailed to families no later than April 23rd. Scholarship recipients must confirm their acceptance or refusal of the award within one week of receiving the award announcement.
