

Doctoral Graduate Outcome Assessment - Entomology Graduate Program
Pre-Qualifying Exam / Discipline Area Form

Description: The objective of this form is for the graduate student, and the student's advisor and Dissertation Advisory Committee to identify the student's subject area of research, and 2 to 3 related focal areas within the discipline of entomology that the student will be expected to be proficient in by their Qualifying / Candidacy Exam. This is in addition to general knowledge obtained through coursework. **This form should be completed at a committee meeting held a minimum of 2 months prior to the Qualifying / Candidacy Exam.** It is the **advisors responsibility** to be sure all forms are completed and submitted to the Graduate Program Assistant (entm-grad-program@umd.edu or PLS 4112). A copy of this form will be provided to the student, advisor and all committee members by the Graduate Program Assistant.
