

DEPARTMENT OF
ENTOMOLOGY

Entomology Colloquium Series

Fall 2017

The Department of Entomology invites faculty, students, and the community to listen to distinguished speakers discuss interesting entomological research. Unless otherwise noted, seminars will be held Fridays at 12:00pm in 1130 Plant Sciences Building during the Spring and Fall semesters. You can add the colloquium schedule to your personal calendar by clicking [here for Google](#) and [here for iCal](#).
